

One Bone Building Book or multiple books may be purchased from this website by either going from description page to description page, or if you know which manuals you want without the assistance of the description pages, click on the words “Click here to order multiple books” and a new page (with instructions) will open.

To purchase books from individual descriptions pages:

1. Click on the “Add to Cart” button. A window will open to a secure page provided by PayPal—but you do not have to have a PayPal account to use this feature.
2. If you wish to purchase other manuals or just want to go back to the website, simply click on the “continue shopping” button (on the left and down a bit).
3. To add a different book to your order, click on the “Add to Cart” button from that book’s description page.
4. To change the number of copies of any one book, delete the number under “Quantity” and type in the number of copies you wish—then click on the word “update.”
5. To delete any book from your order, simply click on the word “Remove.”
6. Please click on update whenever you make any alterations to your order.
7. You can always check your order (and make alterations) by clicking on the “View Cart” button from any description page.
8. To continue with your purchase, type in your zip code then click on the “Calculate” button to calculate shipping.
9. To order from outside the USA, click on the words “Ship outside U.S.” (to the right of the word ZIP). A drop-down window will appear with a list of countries. Click on your country, then click on “update.”
10. This is where it gets interesting. . .

INSTRUCTIONS FOR PC USERS:

- To pay for your purchase using a credit or debit card, prepaid gift card, or directly from your bank account, click on “Check Out” button. The next window that opens under “Choose a way to pay” you may either choose a link that says, “Pay with my PayPal Account” or “Pay with online bank account, debit or credit card or PayPal Credit.”
- Choose “Pay with online bank account, debit or credit card or PayPal Credit.” IF you live in the United States you will be given 4 tabs from which to choose. For debit and credit card purchases, click on the tab labeled “Debit or Credit Card.” If you enter your credit card information in the wrong area, your credit or debit card will not work.
- If you live outside the USA, you may be required to open a PayPal account in order to use a credit card.

INSTRUCTIONS FOR TABLET USERS:

- To pay for your purchase using a credit or debit card, or prepaid gift card, click on the “Check Out” button. The next window that opens under “Choose a way to pay,” you may either choose a link that says, “Pay

with my PayPal account” or “Pay with a debit or credit card or PayPal Credit.”

- Choose “Pay with a debit or credit card or PayPal Credit.” IF you live in the United States you will be given 3 tabs from which to choose. Click on the tab labeled “Credit Card.” If you enter your credit card information in the wrong area, your credit or debit card will not work.
- If you live outside the USA, you may be required to open a PayPal account in order to use a credit card.

In order to pay using a bank account you must use a computer. For some odd reason PayPal has not given that option to tablet users.

- 11.** If you wish to pay using your PayPal account, click on the “Check out with PayPal” button. If you have a PayPal account then you more than likely know what to do after that—but a window will open for you to enter your PayPal login information, and it’s pretty self-explanatory from there.

If you have any questions or problems, please call us at 907-235-6247, or send an email to Lee Post at boneman@xyz.net and we will be happy to help you.
